## PATA'S FALL MASK

### Necessary equipment :

- UHU Stic
- Cutter
- Pencil
- Adhesive tape Rollafix
- Wooden stick
- UHU Patafix
- Pair of scissors
- Pieces of cardboard
- Tree leaves
- Pata's head printed below

DURATION : 1H00

DIFFICULTY : ★★☆☆

SKILLS : CUTTING, GLUING, PRECISION

# PATA'S FALL MASK

1. Cut out Pata's head and keep only the face (without the hair).

2. Place the head on the cardboard and trace the outline of the head with a pencil.

3. Cut out the traced shape.

4. Glue Pata's face to the cardboard.

5. Turn the cardboard over and glue the adhesive pads to the outline of the top of the cardboard.

6. Take the tree leaves and stick them on the adhesive pads so as to create Pata's hair.

7. Tape the wooden stick to the bottom of the cardboard to create a handle that will be used to hold the mask.

8. Flip the mask over. With a sharp tip (pencil lead) pierce the eyes to allow the child to see.

9. The mask is ready!
