- Printed templates

DURATION: 1 HOUR

DIFFICULTY: ★☆☆

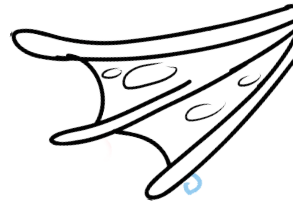

SKILLS: FINESSE CUTTING

UHU®

MONSTERS

POMPOM FIGURE OF POLY

1. Print and cut out all the parts.

2. For the pompom: Take the piece of sturdy cardboard and wrap the pink wool around it until it is about 2 cm thick.

3. Carefully pull the wrapped wool off the cardboard.

4. Cut a piece about 30 cm long from the ball of wool, double it and use it to tie the wrapped wool tightly together in the middle.

5. Cut the wool loops apart at the outer ends and cut the pompom into shape by cutting pieces that are too long until the desired shape is achieved.

6. Glue the front and back of the horns, the arm, wings and the feet together.

7. Glue the upper third of the face to the pompom with UHU all purpose adhesive.

8. Glue one side of the hat over the face. Stick the other side against it from the back.

9. Glue Poly's arm to the right side and the feet on the bottom of the pompom (body).

10. Glue the horns to the top of the head behind the hat to the body.

11. Glue the wings to the right and left behind the arms on the body. Done!
